

7thwave.io - blog technology

What3Words.com - gps technology

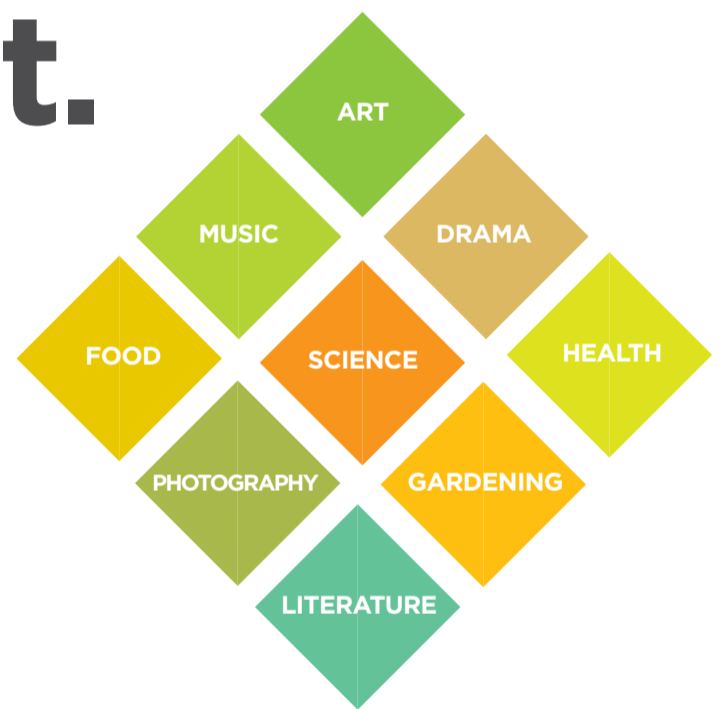

3 words, 1000 ideas, a 'live' fringe event.

The 'Hope Valley Fringe' is a celebration of our local interest in **The Arts, Music, Science, Health, Drama, Photography, Literature, Gardening and Food. Everybody is welcome.**

The Fringe will connect you, your friends, new groups and your businesses, in a welcoming space encouraging new friendships.

It is a melting pot of creativity, offering a new and alternative way of looking at the amazing variety of local interests on your door step with the aim of building a stronger local community for the future.

Harnessing the latest technologies, the Fringe offers a FREE 7th wave blog AND specific floor spaces in the venue. This space will be your own uniquely named 3m square, or more, to do anything you like. You can just visit and get inspired!

To take part... To exhibit, perform or present your ideas or products on the day send an email to Martin at info@hopevalleyfringe.co.uk before 2nd March 2018.

Everybody is welcome.

Whether you are a small business, an artisan, an academic or an enthusiastic individual you can become part of the fringe.

Simply go to www.hopevalleyfringe.co.uk register for your free blog, then fill in the form outlining your idea and we'll be in touch. Thank you.

HOPE VALLEY
